

UnityPoint & ERISA Recovery Capture Uncollected Cash

Recovering Millions With ERISA

ERISA Recovery began working with UnityPoint Health in 2014 to help with their Federal Appeals. Since 2017, recoveries have exceeded **\$14 million**, and UPH continues to provide ERISA Recovery consistent reporting to appeal the most difficult of complex claims.

\$14M IN RECOVERIES SINCE 2017

With over 12 years of Federal & State level appeals experience working with hospital systems, ERISA Recovery's team is trained on the most challenging appeals process tailored with a minimal lift for our client. Access and reports are all ERISA Recovery needs to start winning... and those wins typically start in the first 30 days after receiving reports. ERISA's partnership with UPH continues to grow with **\$3.3 million** in recoveries over the last 2 years.

"ERISA Recovery helped us recover cash that otherwise would have been left uncollected. Their expertise in understanding ERISA rules and working with payers has yielded significant results for our organization and we appreciate the partnership."
